

MEČE

CABERNET

Cabernet is the most noble representatives of the red wines. It contains high amount of antocyanins and tannins. It has a distinct flavour of cabernet character and a higher acid content. Wine has its gentility and charm. It is spicy, typical with significant varietal character. Wine has attractive ruby red colour. In fruity-flowery aroma you can discover cherries, sour cherries, plums, black currants, violets and soft anise fragrance. In taste you can find dominant soft tannins, freshly ground black pepper and chocolate-herbal aftertaste. Wine properties are veiled by characteristic wood scent. Spiciness and colour intensify with wine age. Recommended wine temperature is 16 – 18 °C.
